

January 28, 2009 All-call

Mid- trimester grades will be uploaded to Family Access for viewing by Friday morning, January 30<sup>th</sup>. Also, the Stanford 10 test will be administered to all students next week on Tuesday February 3 and Thursday, February 5 in reading and math. Please encourage your students to do their very best. We use the results of the test to determine placement and to inform instruction. The best way to prepare for the Stanford 10 is for students to get a good night's rest, eat a healthy breakfast and arrive at school on time on test days.
