

Hi, this is Corrine DeRosa the principal of Issaquah Middle School calling to let you know that the mid-trimester grades will be posted and available to viewing on Family Access on Wednesday, October 14 after 3:30 P.M.

Also, if you drive your student to and from the school each day, please do not block Clark Street or the intersection of Newport Way, Clark and Front Street. Also do not drive up the outbound lane on Clark Street. This is a significant safety concern. The police will be ticketing offenders. If you see the drop off lane is full, please continue through the drive-through lane and circle the lot. There may be times that you will need to loop through the parking lot until a drop off spot opens and during severe congestion, you may need to exit through the intersection and circle back again. I'd also like to suggest Bush Street as another good place to drop students. Do not use 1st Avenue during bus loading and drop off times. We have asked the Issaquah Police Department to help facilitate our traffic problems and would appreciate your cooperation.

Thank you
